

Please see the three attachments.

To help further:

Fairfield.

Green good to go:

Site 041

Site 181

Site 345

Amber.

Site 265. This is a strong site. Please read the assessment regarding green belt harm.

Belbroughton:

Green good to go:

Site 097

BDC 107

Amber:

Site 057. Site has been dismissed due to size. However, BDC assessment suggests part of the site by Hartle Rd is developable.

Edge of conurbation (this is in 3 sections).

Section1:

Site 311. This is rated as amber but considered suitable for development?

Section 2:

Green good to go:

Site 025

Site 231a.

Amber:

Site 231b. This is considered suitable for development if 231a is developed.

Sites 256c,256d, 256f. These 3 sites are rated as suitable for development if all 3 are developed.
