

Help shape how your community is represented in the future

What's happening?

We're asking for your views on local governance. Local government is expected to change - this is your chance to tell us what matters to you.

We want your views on:

- How you feel represented locally
- How decisions should be made in your area
- Future options for local governance
- Particularly in unparished areas (Bromsgrove, Rubery)
- Your feedback will help shape what happens next

**No decisions
have been made
This is about
gathering views**
